## EDUCATION

### Masters in Computer Applications

PES University | 2022 - 2023

Specialization in Computer Networks.

### Bachelors in Science

Yuvaraja's College | 2017 - 2020

Specialization in Physics, Mathematics  
and Computer Science.

## PROJECTS

### ReUnite - Lost and Found App

Preview - [github.com/jayavardhanjv/ReUnit](https://github.com/jayavardhanjv/ReUnit)

ReUnite is a Mobile Application that helps user to report the lost and found item helps to reunite the lost item with original owner. I was responsible for developing the back-end business logic and designing the front-end user interface of the Mobile Application. I learned how to use Dart to create Responsive backed, Flutter and other decency to create responsive and modern Mobile Application, and Firebase as database.

### EROVRA: Compitative Exam preparator

Preview - [erovra1.firebaseio.com](https://erovra1.firebaseio.com)

EROVRA is an educational platform designed to assist students in their exam preparation. Built an exam preparatory application using React.js, Node.js, and Firebase service for scalability and optimized user interface with Tailwind CSS and Bootstrap. Implemented advanced features such as adaptive learning algorithms and performance analytics

### Rainfall Prediction Using ML

Preview - [github.com/Rainfall\\_Predeiction\\_of\\_India](https://github.com/Rainfall_Predeiction_of_India)

Implemented linear regression algorithms to predict rainfall patterns and visualize them using the vization tools for better understanding. - Utilized Jupyter Notebook for data analysis and MS Excel for data preprocessing. - Achieved good accuracy in rainfall predictions, contributing to better resource planning for agriculture.

## PERSONAL WORKS

Worked as freelance user tester for usertesting portal in which I have tested more 75+ tests which has led to increasing in revenue for them and there affiliated companies.

## EXPERIENCE

Intern at [Freak X Games](#)

MAY 2023 - AUG 2023

## PROGRAMMING

Python, JAVA  
HTML, Tailwind css,  
Firebase, SQL,  
DBMS, Flutter,  
Data Analysis  
Django

## SKILLS

RESTapi, Web and UI Design  
Mobile App  
Game Development  
Intermediate Graphic Design  
Photo Editing & manipulation  
Video Editing  
Design & Print production

## SOFTWARES

A sound knowledge of  
Vercel, Git, Figma,  
Construct 3 & 2,  
FL Studio 20  
Adobe Photoshop  
canva, Premiere Pro  
Microsoft Office

## LANGUAGES

English - Proficient  
Hindi - Proficient  
Kannada - Proficient  
Telugu - Proficient

## HOBBIES

Learning New Skills,  
Making Songs and Singing ,  
Watching movies.
